OBJECTIVE

To obtain a challenging position to the best utilization of my skills and looking for opportunities to grow my technical and managerial skills and ready to fulfill organizational goals.

Professional Experience

Internship/Training From IIIS Delhi (Remote) Sep 2022 to oct 2022

Key responsibilities:

- Requirements gathering for a Software
- Modeling of Requirements using UML Diagram

This training has moulded me in the best way possible and made me feel confident in facing any issue related to software development process. The interaction with the resource persons and participants helped me to understand how to elicit and modeled the requirements of an information system. I worked on the project entitled Software Requirements Elicitation and Modeling of Movie Ticket Booking System.

PROJECTS

Software Requirement Elicitation and Modeling of Movie Ticket Booking System

- Frontend :- HTML & CSS , js & Bootstrap
- Backend :- Xampp server & MySQL
- Aim is make a movie ticket booking platform.

COURSES/TRAINING

- Certificate of **Software Developer** training completion from IIIS Delhi
- Certificate of completion **Database Management System** by Great Learning
- Certificate of Completion **MYSQL** by Great Learning
